Should you need refreshment during your trip we offer tea, coffee and soft drinks for sale - we even have duck food!

For our scheduled trips book in person at Still Waters Shop on the marina or call 07399 875552.

For charter bookings and further information call 0739 8821650. Please call between 9am and 5.30pm.

We highly recommend that you book early for your trip as the demand is very high.

About the Mercia Swan

The Mercia Swan is a purpose built 12.8 metre by 3.0 metre widebeam boat, with a cruiser style stern. It is powered by a new 42 hp Canaline engine and is newly painted and refurbished for the 2016 season. For 2018 it was re blacked and improvements to the interior cabin carried out. You can relax in style on the comfortable seating, either inside or out and enjoy the scenery passing by. If the weather should turn we can close off the bow doors and switch on the heating. For your convenience we have a flush toilet and wash hand basin. A full safety package is carried aboard and a safety instruction is given prior to each sailing.

Should you need refreshment during your trip we offer tea, coffee and soft drinks for sale-we even have duck food !!

Your skipper is Paul Hughes who lives on his widebeam boat on the marina. Paul has a wealth of boating experience on both canals and rivers so you are guaranteed a pleasant and relaxing trip. Of course your skipper is qualified with the Inland Waterways Helmsman's Certificate and is First Aid trained.

*For the 2018 season Paul operates from Wednesday to Sunday from 30th March until 31st May and from Tuesday to Sunday from 1st June until 31st October, in addition to operating on all the Bank Holidays.

(*Weather conditions permitting).

A warm welcome to Mercia Swan Canal Boat Trips. We are based at Mercia Marina Willington in the beautiful County of Derbyshire within Europes largest inland marina. Join us for a leisurely cruise along the picturesque Trent and Mersey canal and escape for a while from the hurly burly of our modern day hectic lifestyle. We offer a regular return service (unless prior booked for private charter) from the marina to the local village of Willington or alternatively a longer trip to Stenson Lock in the opposite direction, where you can refresh yourself with a drink at the Stenson Bubble Inn or maybe tea and cake at the Stenson Lock Cafe.

We are also available for private charters of up to 12 people, and always will try to cater for most requirements. On the private charters we are able to venture further afield.

The marina has National award winning facilities and recognised conservation work. As well as tea rooms and a coffee house there is the award winning Boardwalk with its series of boutique retailers, farm shop and 2 storey bar and dining. The newly opened Piazza has a further retail offering with an independent gallery, contemporary homeware, hair salon, ladies fashions and Indian restaurant. On the water there is The Mug Tug and Chrissy's Gift Boat. There is ample free parking.

We look forward to seeing you very soon!
